FIELDERS
Endurance®
SHEDS & STRUCTURES

With over 9,000 standard and custom designs, why go anywhere else?

For over a century, Fielders have been steel specialists with a reputation for better quality and practical ideas that make all the difference. So how serious are you about the shed you need?

There's no need to compromise because Endurance Sheds can be custom built to your exact specifications - any size, any type. Doors and windows where you want them. Height, span and finish to match your needs.

And standard design features that make Endurance Sheds a cut above the rest right from the start because **we're serious about our sheds.**

EVERY ENDURANCE PRODUCT HAS:

- Large bolted frame connection brackets
- Pre-cut and punched portal frames
- Fully engineered designs, backed by state of the art and customisable software
- Multiple cladding and colour options
- Quality components
- Fully consolidated and packed kits with fast delivery
- Quality roller doors, fittings and sliding doors
- Backed by BlueScope and other quality suppliers
- ShedSafe Accreditation

DOMESTIC SHEDS
Endurance Domestic Structures are strong and flexible, designed to meet the many and changing demands of the home shed or workshop.

RURAL BARNS
To add greater flexibility to farm shed, make it a Barn. Barns look great and offer greater flexibility in design and style.

INDUSTRIAL SHEDS
Our sheds are hard at work every day as manufacturing spaces, workshops, materials handling centres, storage facilities and more.

RURAL SHEDS
On farms, stations and settlements, Endurance structures stand up to punishing everyday use by people who rely on their sheds year in and year out.

WHAT IS SHEDSAFE?
Endurance Sheds and Structures are fully accredited by the Australian Steel Institute (ASI). This accreditation, known as ShedSafe, is the industry standard benchmark for steel sheds sold nationwide.

SHED SAFE accredited
